John Smith foreman

It appearing unto the Court that the defendants are now in Court ordered that they do give Security by their appearance on tomorrow to answer unto the same

The Grand Jury made the following presentments which the Court ordered to be recorded which is as follows

April Term 1811

We the Grand Jurors of the District of Spartanburgh for the Term a bove mentioned do present to the following grievances a private and public nuisance

We do present that the dam at William Moors Mill across North Tyger on the road leading from Spartanburgh Court house to Laurens Court House to be a public Nuisance to the citizens not only of Spartanburgh but also to the adjacent District which is very dangerous to have Ingress & Egress without & hilat and do recommend that a bill be found against him for such a public nuisance

2nd We further present that there is a mill dam on the Pacolet River above the Grindal Shoals at Robert Thompsons which Obstructs the passage of fish up said River and do recommend that an Indictment be found against said Thompson

3d We do further present that the grand Jurors common Pleas and Petit Jurors are ranged from the most remote party of the District without one cent for their support or recompence for their services and Lost time for a present this be a nuicence of a public nature which calls aloud for Legislative interference to appropriate Something for the support of said Jurors Whilst they are attending the Circuit Courts throughout the State many of the poore class of the citizens who are compelled to attend the legal process of mandate of Court are probably without without one Dollar to procure Lodging or a meals at a tavern and Some are drawn to the woods for a pillow to relieve his weary head upon and there draw his bijeut from his wapsack to Salvate his hungry appetite we as Jurors recommend that a copy of these presentments be transmitted by the Clerk of this Court to the State printer at Columbia to be printed in the Next weekly paper and also that the members of this District to the house of the Legislature be furnished with a copy of the Same to lay before the house in order to point out Some way through their wisdom and Prudence as may be most Proper
